GENTLEMEN

The male **Grand National Chorus** was formed in 1974 and is recruiting new members at this time: men of all ages would be welcome at our weekly rehearsals to check us out including recently retired men, looking for a new interest. We are a friendly group who enjoy good company.

Medical specialists will confirm the benefit of singing as it raises the spirit and improves both mental and respiratory health. Many of our members have been with us more than 20 years.

We sing mostly songs from the 50s, 60s and 70s in wonderful unaccompanied four part harmony led by our Musical Director. Our reward, performing to an audience, is called a Sing Out.

Our website at www.liverpoolinharmony.co.uk has a useful FAQ section. and access to our Facebook as well as providing directions to our rehearsal venue. If you and a friend would like to come and listen to us without any obligation, see the contact details below.

LADIES

Do you know someone who might be interested in joining our chorus? Does your partner enjoy singing and meeting up with a group of friendly guys each week? See the contact details below.

Act now and, chances are, you won't be sorry.
